

**North American Confederation  
OFFICE OF THE PRIME MINISTER**

**TO:** The Government of the Grand Republic of Delvera

**FROM:** The Office of the Prime Minister of the North American Confederation

Greetings,

I am writing on behalf of the government and the people of the North American Confederation, in order to petition and express our collective desire to once again seek provincial status within the Grand Republic of Delvera.

With the recent ratification of our Constitution, and our population now of sufficient quantity to elicit proper and diligent provincial governance, we as a nation believe it is now time to move forward with full integration.

Our nation has had a long and perilous history and a deep-seated pride in how that history has shaped our culture. So long as my provisional government seemed the permanent state of our nation's government, there existed a consistent and warranted concern that our nation would lack the stability to properly integrate and preserve our unique cultural and historical identity, which is among the oldest in the world. This was a fear shared by both myself and the Emperor of the North American Confederation.

With the recent alleviation of those concerns, however, both the Emperor and I now believe that with our strong ties to the rest of the international community, our extensive and pervasive presence within micronational history, and our culture of rational, pragmatic, and patient governance; that we will be a great addition to the political and socio-economic landscape of the Grand Republic of Delvera.

We hope that the government of Delvera will consider and pass our admission into the Grand Republic with all haste and we can officially begin the process of Delveran-North American integration.

Long live the North American Confederation and the Grand Republic of Delvera,

A handwritten signature in black ink, reading "Joseph Marx". The signature is written in a cursive, flowing style with a long, sweeping tail on the letter 'M'.

*The Right Honourable*

Rev. Joseph Marx

**Prime Minister of the North American Confederation, Count of Imvrassia, Order of Liberty  
3rd Class, Companion of the Order of North America and Member of the Austenasian  
Order**
